Of the 6 forms returned, 6 identified the type of SATOP program.					

Sample Size

Information is based on the number of returned forms and the number of people served according to the DMH billing records. The forms sent to the agency did not indicate program type (e.g., OEP). The program type was to be entered on the form as the forms were distributed. Many forms, however, were received with the program type not indicated. Since an accurate count of forms received by individual programs cannot be calculated, this column is left blank.
